[Chorus]

D

Sittin' on a bar stool, actin' like a darn fool

A

That's what I'm a doin' today

Sitting' her drinkin', tryin' to keep from thinkin'

D

I'm a boozin' my troubles away

Well, now I couldn't make her stay, doggone her anyway

G

She can't say that I didn't try

A

So pour me another one

I'm finished with the other one

D

I'm drinkin' my baby goodbye

[Verse]

D

Every time we disagreed

She was always askin' me

A

Are you a man or a mouse

Now that she's gone

She probably thinks I'm home

D

Just a mopin' around the house

She probably thinks that she's the one thing

A

I just couldn't get along without

Well, wouldn't it surprise her, I got a sympathizer

D

As long as these bottles hold out

[Chorus]
